SUMMARY

● Senior Technical Expert with 20+ years of experience in software development, system integration, and enterprise solution delivery. Strong background in full-stack engineering (backend, frontend, mobile) and AI-powered applications, with hands-on experience across the full CI/CD lifecycle and Agile/Scrum practices.

● Proven expertise in pre-sales, post-sales, R&D, and project management (PMP certified), with the ability to translate complex customer requirements into scalable technical solutions and drive alignment across Sales, Product, and Engineering teams.

● Deep experience in cloud and infrastructure technologies (VMware, AWS, Azure), specializing in designing and delivering complex, highly available, and maintainable enterprise architectures. Holder of multiple VMware certifications and inventor of patents in computer science-related areas.

● **Patents:** US20250123867A1, CN107786659A, CN107819893A
● **Certifications**: VCAP (vSphere 7), CKA (Certified Kubernetes Administrator), and multiple VMware certifications in cloud and virtualization technologies and AWS certification is in progress.

CORE COMPETENCIES

● AI & LLM Solutions: Enterprise AI architecture and delivery, including LLM + RAG, model fine-tuning/distillation, and enterprise agent systems.
● Cloud & Infrastructure: VMware, AWS, Azure; multi-cloud architecture, high availability, disaster recovery, and large-scale deployments.
● DevOps & CI/CD: End-to-end pipeline design, automation, testing, deployment, and operational optimization.
● Programming Languages: Java, Python, C#, Objective-C, JavaScript, COBOL, Kotlin.

WORK EXPERIENCE

2025/03 - Present Lenovo — Technical Expert （Contractor）
● Served as Technical Expert, presenting enterprise AI solutions and guiding clients in LLM-based applications, including intelligent customer service, AI-assisted development, and AI-driven quality inspection.

2018/05 - 2025/03 **VMWARE BY BROADCOM (BEIJING) (Worked as Pre-sales, Senior Delivery Consultant and SENIOR DEVELOPMENT ENGINEER)**

VMWARE EUC — Department SENIOR DEVELOPMENT ENGINEER (MAR 2022 - MAR 2025)

● Led backend development for Horizon Cloud SaaS VDI platform (Titan), serving 100k+ global users with 99.99% SLA.

● Designed and executed multi-cloud integration (Azure/vSphere/AWS/GCP APIs) and Redis migration to Azure Redis Enterprise.

● Developed DevOps automation frameworks, including chaos testing (Istio) and automated secret rotation for Kafka/Redis/MongoDB clusters.

VMWARE Professional Services (PSO) — Senior Delivery Consultant (May 2018 – March 2022)

● Delivered VMware products, including SDDC, VDI, DevOps, and EMM, using VMware APIs/SDK for customer solutions.

● Assisted clients in the design and implementation of IT architecture, focusing on data centers, mobility security, and visual desktops.

● Supported sales teams by identifying new opportunities, resolving client challenges, and delivering tailored solutions.

2015/08 - 2018/05 **TravelSky Technology — Mobile Development Manager**

1.TravelSky Mobile Platform(iOS/Android)

● ToC travel platform serving 10M+ users

● Services: Check-in, ticket changes, flight maps, car rentals, hotel booking

● Partner Ecosystem: Alibaba, Huawei, Meituan, and various airline clients; Provide SDKs and custom solutions to partners

2. Responsibilities:

● Built and managed 30+ member engineering team

● Designed core architecture and technical roadmap

● Developed critical modules for flight operations

● Established API integrations with major partners

● Pioneered wearable tech integration (Android Wear/iBeacon)

2014/08 - 2015/08 VMWARE EUC Department — Pre-sales Engineer

● Conducted 100+ product demonstrations/POCs

● Maintained key account relationships, identifying $5M+ upsell opportunities

● Resolved critical customer issues, achieving 95% CSAT

● Led many complex onboarding and technical integration projects working directly with cross-functional teams—sales, product, engineering, and customer success

Earlier Career

2014/02 - 2014/08 Home Shopping Network — Mobile Development Manager

● Built TV shopping platform handling 500k+ DAU

2012/03 – 2014/02 Patera SAPBU — Manager/Senior Mobile Consultant

● Led enterprise mobility projects and developed mobile applications for iOS, Android, and Windows Phone.

2011/10 – 2012/03 Uifda Mobile Business Department — Manager

● Led a team of 12 developers to create mobile solutions for financial applications.
